

Conflict Resolution

Course #: PD-109 **Duration:** 1 day

Prerequisites

None

Details

This intensive one-day course comprehensively explores conflict resolution strategies rooted in cutting-edge theory and real-world applicability. The course is designed to help participants navigate and resolve conflicts effectively in a diverse and fast-paced business environment. It offers an in-depth understanding of the nature and types of conflict, the psychology underlying conflicts, and various conflict management styles. The course further emphasizes practical skills, including effective communication techniques, negotiation and mediation skills, and creating a proactive conflict resolution culture. Participants will emerge with a personalized action plan for managing and resolving conflicts, equipped with tools and strategies to promote a harmonious work environment.

Software Needed

None
