

# Outlook Advanced

**Course #:** MO-101      **Duration:** 1 day

## Prerequisites

Microsoft Outlook 2013 / 2016 - Introduction or equivalent knowledge.

## Details

This course builds on the skills and concepts taught in Outlook Introduction (2013, 2016, 2019, Office 365). Students will learn how to customize Outlook, use Quick Steps, create Folder pane shortcuts, customize the Navigation bar, customize their messages and signatures, and set up automatic replies. Then students will learn how to set rules for organizing messages and use advanced techniques for managing and maintaining their mailboxes. Students will also learn how to search, use filters, and apply categories, as well as how to work with notes and Journal entries. Finally, they will learn how to share Outlook calendars and contacts and stay informed with RSS feeds.

This course will help students prepare for the Microsoft Office Specialist exam. For comprehensive certification training, students should complete the Introduction and Advanced courses for Outlook.

## Software Needed
