

SAP Crystal Reports - Introduction

Course #: CR-100 **Duration:** 2 days

Prerequisites

None.

Details

This course teaches the basic features and functions of SAP Crystal Reports. Students will explore the program environment and learn how to open, navigate, create, modify, and save reports. They will learn the fundamentals of formatting report objects, of sorting and selecting records, and creating groups and summaries. They will also learn how to create simple formulas and functions. Finally, students will work with experts and wizards, and learn how to export reports to various file formats.

Software Needed

- SAP Crystal Reports Professional
- Microsoft Office
